

Applications

Contactless IR Thermometer makes it easier to measure elevated skin temperatures with simple operation.

Features

- Non-contact forehead temperature measurement.
- Backlight display .
- Data hold.
- °C / °F convertible.
- Auto power off.

Technical Specifications

Model	Metrix+ FH 2
Measuring range	32.0 ~ 42.9°C (89.6°F ~ 109.22°F)
Accuracy	≤ ±0.3°C / 0.5°F
Resolution	0.1°C / 0.1 °F
Test Distance	5 ~ 15cm
Ambient operating range	10 ~ 40°C , ≤ 85% RH
Storage temperature	-20 ~ 60°C , ≤ 85% RH
Dimensions	152 x 130 x 38mm
Weight	140g
Power	9V 6F22
Standard Accessories	Main unit, Battery, Operational Manual
